January 20, 2026 Meeting Summary:

More trail boss volunteers are needed. Jerry Baker is looking for someone to take over his trail sections. If you are interested, please give Jerry a call.

The trail inspection report from the county was good, as they reported we did a nice job marking the trails. Thank you to all who participated in that endeavor. Just a note from the county to watch for the corner chevrons. There needs to be 2 in each corner facing both ways, for a total of 4 chevrons.

The condition of the groomer barn and our grooming equipment is good right now. Please continue to turn in your non-grooming forms to Tanya.

The county maps will be arriving in a few weeks. These need to be distributed to our pit stops and included in our club map boxes.

Vilas county has implemented beacons on their lakes this season. Oneida county is waiting for feedback on the pros and cons before making any decisions.

The purpose of the AWSC KAOS (Kids and Adults on Sleds) Youth Program is two-fold. First it gives youth an in-depth understanding of how the overall snowmobile program is organized, starting from the local clubs up to and including Internationally. Secondly, KAOS is considered a leadership training program for young snowmobilers. As dedicated volunteers are getting older, our goal is to train the younger members to take over leadership roles in order to keep our organizations as strong as they are today. **We currently do not have a youth representative for Oneida County. If you know of any youth that would be interested, please contact Scott.**

The club ride is scheduled for February 14, 2026. If you are interested in organizing a meeting place and route, contact Todd or Scott to get the word out!
