The Larry Dorich Trail

When Larry Dorich joined Dodge Sno-Trails in the early 1970's, snowmobile trails were little more than narrow pathways through the woods. If they were groomed at all it was with makeshift drags that were pulled behind snowmobiles. Signage along trails did not exist except for a few homemade signs that did little to help anyone arrive at their chosen destination. Larry Dorich, a man of vision and determination, is largely responsible for many of the trails that all of us enjoy today. For nearly 50 years Larry has been a major

Welcome TO HODAG SNO TRAILS

player in all aspects of club operations. He served as club president for several terms & also took care of much of the club's clerical needs. His work on trail development & trail maintenance is unsurpassed. He groomed trails many nights each week & he still found time to do equipment repairs & maintenance. "No matter what challenges arose, Larry always found a way to the trail to continue on. It is because of his commitment to our club for the last 5 decades, that in 2019 the members of Hodag Sno-Tracks chose to dedicate a section of trail in honor of Larry & all that he has done. The trail that bears his name is a significant piece of Larry's work but it only reflects a small part of what he has given us over the years. To this day Larry remains an active member of our club. Because just saying thank you is not enough, Hodag Sno-Tracks is proud to dedicate this trail in honor of the man who has done so much for so long!"
